We all use sunscreen every day to protect against skin cancer, and now we can use Child Protection strategies every day to protect against child abuse.

You wouldn't let a child ride a bike without a helmet, or play in the sun without a hat – so why let them out of your sight without essential Child Protection habits? This fresh approach to Child Protection, teaches practical strategies that everyone can learn to use to protect themselves and others from child abuse.

We will learn the 7 Steps 2 Safety. Educators cannot afford to skip this one!
